Additional District Information

The Pennyrile district determination was *Needs Assistance* for the fifth consecutive year. The determination was again reduced to *Needs Substantial Intervention*.

Indicators 1, 7 and 8 are compliance indicators. The target is set by the Office of Special Education Programs (OSEP). The identified noncompliance for Indicator 1 was corrected to 100% within one month of notification of the finding.

Indicators 2, 3, 4, 5 and 6 are performance indicators. These are a measure of the districts overall performance in several key areas. The targets were set during the development of the State Performance Plan (SPP).

For Indicator 3, there were a total of 2033 children with two data points in the Kentucky Early Childhood Data System (KEDS) statewide. A total of 54 were from the Pennyrile district.

For Indicator 4, there were a total of 5352 family surveys were disturbed statewide. Of these, 147 were sent to families in the Pennyrile district. A total of 40 were returned for a return rate of 27.21%.

A determination of *Needs Assistance 5 (Needs Substantial Intervention)* means that the district must continue to seek out targeted technical assistance and training resources on topics specific to the areas of non-compliance. This may include onsite technical assistance visits and monthly monitoring calls with the Point of Entry Manager and other key stakeholders.
